

iMobile Install Guide – Android Device

- 1 Search the Google Play Store for **Intelligent Hub** & tap **Install**

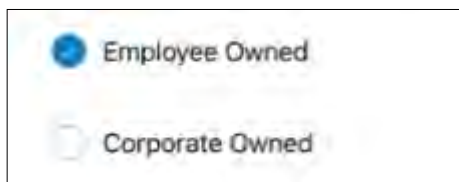

- 5 Enter HCA 3-4 ID & password

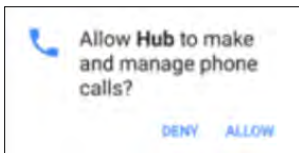

- 2 Open HUB, type **mdm.medcity.net** in the Server field. Tap **Next**

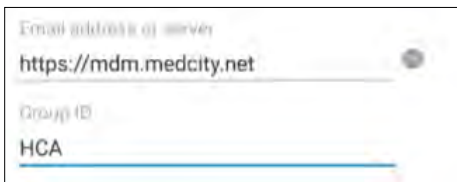

- 6 Tap **Employee Owned**

- 3 If prompted to Allow HUB to make & manage calls, tap **Allow**

- 4 Enter HCA in the **Group ID** field & tap **Next**

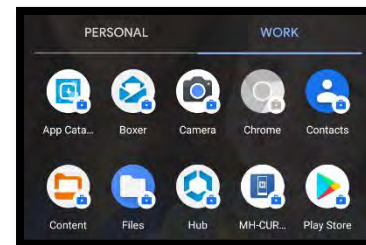

- 7 Tap **ACCEPT** for the Terms & Conditions after reviewing the Privacy Terms page – then I **UNDERSTAND** – then I **AGREE**

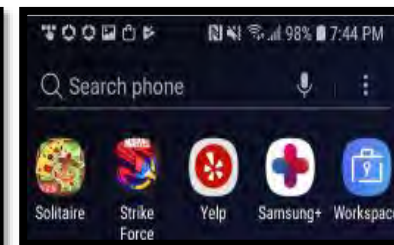

- 8 The app will now prepare your profile. Tap **Accept** when prompted.

- 9 When enrollment is complete, you will be required to set a **secure passcode** (also used to unlock your device) if you do not already have one set.

- 10 Open your **Work Profile** or **Workspace** app. Find and tap **Play Store** then search for **MH-Cure** (or **MH-CURE NFD**) & install.

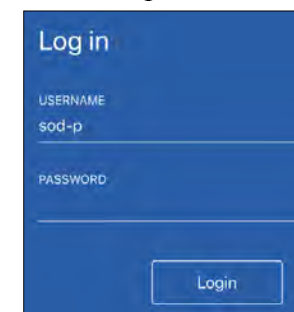

Google Pixel

Samsung Device

- 11 **IMPORTANT:** At the login screen, enter the following before entering your credentials.

Username: **sod-p**
Password: *(leave blank)*
Tap **Login**

- 12 Log in with your HCA 3-4 ID & password

IMPORTANT: If you receive a Login Failed due to not having a passcode message, you must enable “**Require PIN when device turns on**” or “**Require PIN to turn on phone**” in **Secure Startup** under the device’s **Settings** (*settings & location may vary based on the manufacturer*)
