

iMobile Install Guide –Custom App Store (Apple iOS Only!)

STOP!!!!

If you need HCA email on your device or have an HCA owned device, skip to page 2.

1 Use phone camera to scan QR code

or visit:

<https://appstore.hcahealthcare.cloud> in a browser on your phone.

2 Enter HCA Credentials

3 Enter Multi-factor authentication requirements (if prompted)

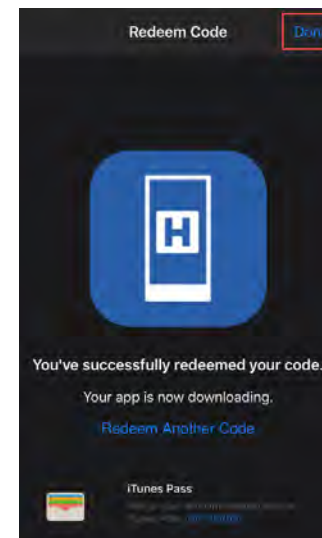

4 Enter 4-digit passcode

5 Tap Install for MH-CURE SOD

6 Enter AppleID password, use FaceID / thumbprint or tap Use Camera to sign-in to the App Store & redeem code.

7 Tap Done & exit to the Home Screen where MH-CURE will be installed.

8 Tap Login & login with HCA 3-4 ID & password.

- Tap **Continue** when directed to use mdm.medicity.net to sign-in.
- Tap **Allow** for MH-CURE to use camera, microphone & send critical alerts.

NOTE: iTunes Store app must be installed on device.

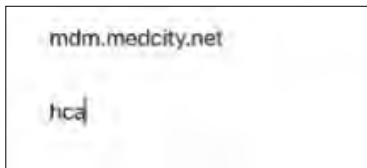

iMobile Install Guide – Apple Device

STOP!!! Follow the steps below only if you also need HCA email or other apps on your device!

1 Search the Apple App Store for **Intelligent Hub** & tap **Install**.

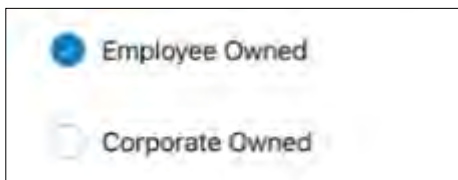

2 Open HUB, type **mdm.medcity.net** in the Server field. Tap **Next** & type **HCA** in the Group ID field. Tap **Next**.

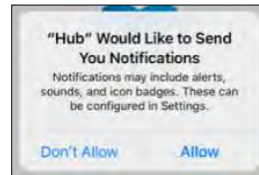

3 Enter your HCA 3-4 ID & Password. Tap **Next**

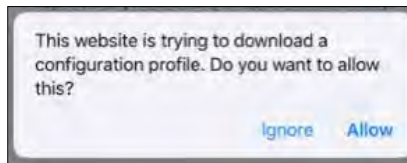

4 Tap **Employee Owned** Tap **Next** & accept the Terms and Conditions

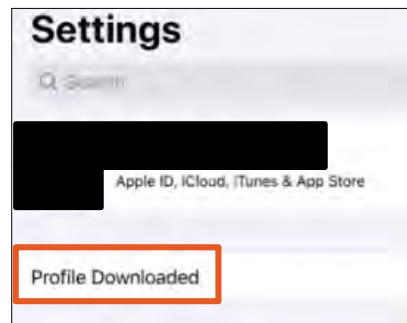

5 Tap **Next** at the Workspace services screen then choose your notification preferences

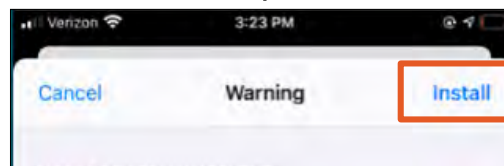

6 Tap **Allow** when prompted about downloading a profile

7 After the profile downloads open phone **Settings** & tap **Profile Downloaded**

8 Tap **Install**, enter your iPhone Passcode then tap **Install**.

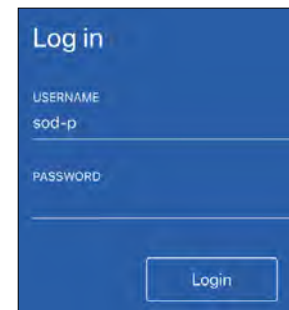

9 Tap **Install** again

10 Tap **Trust** at the Remote Management prompt then click **Done** (*may be omitted*)

11 Open the HCA App Catalog app & tap **Install** for **MH-CURE**

12 **IMPORTANT:** At the login screen, enter the following before entering your credentials.

Username: **sod-p**
Password: (*leave blank*)
Tap **Login**

13 Log in with your HCA 3-4 ID & password
